

Thank you for your interest in joining the Atlanta Obedience Club.

Our members are usually invited to apply for membership because we have observed you and your dog in the AOC classes, and feel you would be an asset to our club, and the dog community. If you enjoy the time spent with us, please consider asking your instructor about membership.

Our applicants have read, understand and agree to support the AOC and the AKC Code of Sportsmanship.

The yearly dues will not exceed \$40 per year, without modification of the by-laws. Benefits of membership go beyond a price reduction in classes. They offer you a community of dog people to learn from, train with, to share your love of dogs with. By volunteering to work our events (required) you will learn about agility, tracking and obedience trials. There are special training times and events open to only club members, and your participation is appreciated.
